Division of materials

Companies of pile foundation,
Public works, Civil works,
Fluvio-maritime works

A) We have the following machines available for sale:

1) Soilmec 312 HD, year 1999, good condition, tested, revised, 8000 hrs, CFA of Ø 500mm, height 22 meters, new painting, weight 36 tons, with monitor Jean Lutz, available.

Franco port Rabat, Morocco - Price: 118.000 euros without tax

2) 1 machine CASE POCLAIN 170CK revised, tested, like new 50 tons, 9000 hrs with 3 functions.

A) Has CFA Ø 400 - 600 - 700 - 800mm, height 22 meters with front hydraulic stabilizers.

B) Diaphragm wall grab with standard Kelly bar KRC2 widths 500 to 1200 mm, depth 25 meters.

C) Telescopic mast, height 18 meters with vibro Pajot, 1 ton for sheeting piles, tubes, H piles. Berliner and comparable.

Departure Lyon, Price: 140.000 euros / full lot without tax

3) KOMATSU DEMAG H85 550 CV revised, tested, rebuilt like new, weight 120 tons, vibro ICE 12 tons, front Ø 2400mm, power pack 650CV, Mast 24 meters, Kelly rotation behind Ø1300mm, depth 70 meters.

Departure Lyon, Price: 240.000 euros without tax

4) A GEOTECHNICAL machine FRASTE weight 1 ton, revised, tested like new, type ML with 3

trimmings of drills and gimlets, lengths 20 meters Ø 200 - 140 - 130mm for survey, study of ground, small micro piles in light grounds.

Lyon departure, Price: 8.000 euros without tax

5) Crawler-mounted KLEMM 806D, weight 10 tons with powerful hammer Thyssen Krupp HB50A, all revised, tested, painted, for all positions piles micro pile Ø 60,3 with 245mm (See exterior hydraulic generator)

Departure Lyon, Price: 48.000 euros without tax

6) Crawler-mounted MONTABERT, weight 10 tons with hydraulic hammer for anchoring, 18 meters and more revised, tested all positions Ø 48 with 127mm with aspiration system for cutting.

Lyon departure, Price: 38.000 euros without tax

7) Cranes PINGUELY 2 X 45 tons + 1 X 65 tons + 20 tons spare parts plus 3 arrows, 3 heads, 3 winches new, can work 100 years. All revised, tested, and repainted.

Lyon departure, Price: 130.000 euros without tax

8) a) 1 casing oscillator BAUER 1200mm has + Power pack and cables

b) 1 casing oscillator LEFFER 1500mm + Power pack and cables

c) 1 Dessander SOTRESS 120m³ + spare parts batch of engines - vibrators

d) 1 Casagrande C6 for micro piles

(All are actually in South Africa) Price: 65.000 depart Duran on quick decision

Or available, arriving in 4 weeks CFR Casablanca or put in stock under customs clearance or port of Tangier in Free zone to avoid the DD and VAT before re-exportation.

Price: 80.000 euros Morocco departure.

9) 2 hydraulic generators 800 l/mm, 320 bars, 500 CV motor MWM, 8 cylinders,

Depart Lyon price: 25.000 without tax euros both (small reconditions to be made).

10) 1 Vibro PTC 25H1 + power pack + clamps 2 X 50 tons for pipes + cables

Depart Lyon price: 28.000 euros without tax (small reconditions to be made).

11) 100 tons of tools revised, bucket/CFA all types, available in Lyon.

Depart Lyon price on request on inspection.

12) Crane for truck, 10 tons, Mark HMF, 3 telescopic elements and bucket, reconditioned, tested.

Depart Lyon price: 8.000 euros without tax.

13) Cadre 20/40 ft HYSTER Container holder for Fork – Crane – Leader head.

14) Many heads of crane boom heads, mast, leader.

15) 4 AIR BSP Hammers 4 et 5 tons.

16) Lattice boom Cranes HITACHI KH 700, 175 tons, good condition.

17) 3 cranes 20T PPM – PH + Benoto CP4 + valves drill bits + spare parts for water well Ø 500 to 1200 depths 60 meters (clearance price).

18) 2 diesel mud pumps VARISCO JS4 at variable pressures 20/60 at 3/4th.

19) Liebherr 934, 35 tons, auto floating, onshore /offshore on two 40 ft Aluminum boxes and also movable on land.

B) Possibility of having (complete discussions in progress) to even take the continuation of leasing's. The 'Italian MAJOR' concerns will be to have without conditions of unrestricted calendar share in property of its duration of initial financing.

Example: Original cost of a modular pontoon of 12 elements for 600.000 euros without tax price of initial contract - 24 months in leasing to pay remainder 36 months to be financed and with the end the new tenant will become its owner completely. We make an effort with my Italian friend associated in relations since 3 generations with this big group and their 10 financiers with quite target, to identify to locate the products concerning us.

a) Diesel hammers Delmag D62 and D22 to D36 - D80 and **80 more machines of a big group T-----I. All cranes types, drilling machines, Tunnel boring machines in the process of leaving Iran for the benefit of the USA.**

b) MAIT HR180 good condition, revolving with 2 Kellys 40 and 50 meters, year 2003, 13.000hrs, motor CAT C9 ATAAC 240KW

c) MAIT HR160 good condition revolving with 2 Kellys 30 and 40 meters, year 2003, 8.000hrs, motor CAT C9 ATAAC 240KW

d) HITACHI KH700, 175 tons.

e) Liebherr HS 872 revolving lattice boom, 30.000hrs, 1995, motor C46007, 492 KW.

f) Dredge, pontoons, mono blocks of capacity from 400 to 1400 tons + other fluvio-maritime materials and similar new modular pontoons of 36 tons capacity each.

g) Soilmecc G20 for water well drill

h) Soilmecc G75 for geotechnical water drill, depths 2000 meters.

i) CABOT 750 for gas & work-over drills, depths 3000 meters.

Representation of an Indian private ship building company of 500 hectares capable of constructing new ships, boats, platforms etc.

Representation in Francophone countries: Groupment of ship breaking companies, used ship broking etc.

NB: Consult us for all details of XCMG Machines. Please visit us www.xcmg.com.

OF COURSE THESE ARE INDICATIVE PRICES: To study (FINET – THIRU – XCMG) with technical and manual support from the factory also in India for local sales and exports to neighboring Asian countries

Always communicate to both emails:

m.finet@sfr.fr (French-speaking FR-CE – ARABIAN COUNTRIES)

thiruma01@gmail.com (Asia zone)

Salutations,
